

Continuing our Learning at Home - Reception

Reading	Share the book your child brings home from school with them every evening. Borrow non-fiction books about 'Our Bodies' from the library. Talk about and use the contents page.
Mathematics	Sing counting songs and rhymes together, e.g. '1, 2, 3, 4, 5 once I caught a fish alive'. Encourage your child to use their fingers to help them count.
Topic: Our lives	Collect information about your family with your child. Who is in your family? What are their names? Create a simple family tree together.
