

## Continuing our Learning at Home - Y21P

<b>Reading</b>	Please remember to read at home each night. When reading your reading books aloud, retell the story in detail and discuss the main sequence of events. What has happened and why? Remember to look back in the book to help you sequence your recount.
<b>Mathematics</b>	Practise counting in steps of 2, 5 and 10 starting on 0. How far can you go? Can you identify a pattern? Use this strategy to help you to count sets of objects in your house by grouping them in twos, fives or tens and then counting them carefully.
<b>Topic: Around the World</b>	Research a famous landmark from our chosen country - Australia. Make a list of interesting facts about the landmark, for example: where it is found, what it is, how old it is, what purpose it has.... You may also like to include a picture or illustration.
