

Continuing our Learning at Home - Y1NT and Y1G

Writing	We have been practising writing some of the year one common exception words correctly this week. How many of them can you spot in your reading books? Each time you spot one, copy it out in your best handwriting, checking that you have spelt it correctly.
Mathematics	Share your counting skills with your family! Practise counting forwards and backwards, starting from a different number each time. See if you can write out your numbers as you count. How high can you go?
Topic: Around the World	Create a poster inviting people to visit your focus country. Include colour and lots of interesting things that you have found out about the USA (Y1NT) or Kenya (Y1G).
